Carbide jaw-inserts

Keyless Drill Chuck with Metal Body, Locking Mechanism and Carbide Jaw Inserts

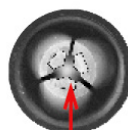

- Comes with a locking mechanism - no key is required
- For hammer drilling
- For fastener assembly and screwdriver operations
- Carbide jaw-inserts (for 1/2" capacity) reduce bit slippage and enhance wear resistance
- Ergonomic and strong design with a full metal sleeve in black oxide finish that eliminates the possibility of rust
- With through hole for clockwise and counter-clockwise rotation
- Standard screw thread mount for portable drilling machines

EDP Number	Part Number	Capacity Inch	Mount K	Dimensions (Inch)			Price
